

Is it time to reinvent  
role productivity so you  
can achieve more?

Tres Tria Limited | Role tailored

## Managing Director

Microsoft Dynamics NAV will enable you to maintain, monitor and focus on results with effective reporting on all aspects of your growing business. Having the advantage of being easily accessible on any device, anywhere and at any time, you can access what you need from your Dynamics NAV dashboard with the click of a button.

## Service Manager

Microsoft Dynamics NAV will give you the opportunity to view and create improvement plans, interact with colleagues anytime, anyplace and on any device. As well as enabling you to ensure that all products are working smoothly with the ability to notify account managers through effective reporting.

## Accounts Payable

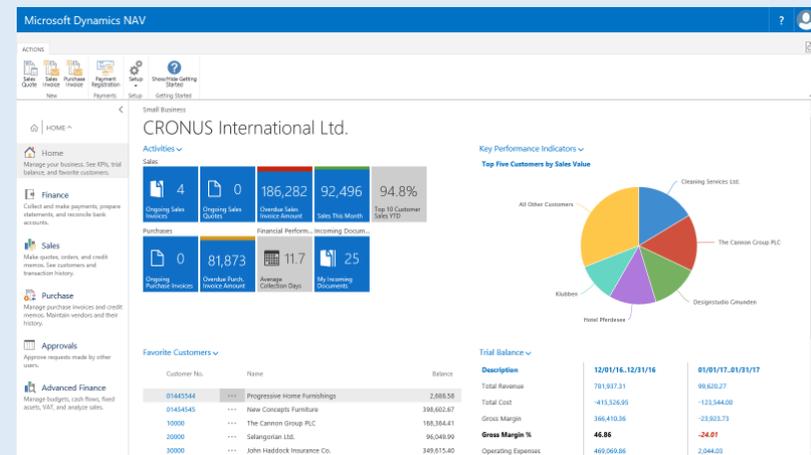

Microsoft Dynamics NAV allows you to produce regular monthly reports and monitor accounts to ensure everything is completely up-to-date, with of course, the functionality to track expenses and process expense reports.

## IT Manager

Microsoft Dynamics NAV is a solution that will finally help you to free up time from your demanding and time consuming schedule, with the ability to trust outsourcing all maintenance and management of the system with us at Tres Tria Limited.

## Warehouse Manager

Microsoft Dynamics NAV will allow you to view all regular inventory stock checks, and keep them up to date all in one place. With the ability to prepare regular reports and planning for future capacity requirements. Not to forget, giving you the ability to communicate effectively with anyone of need to ensure quality standards are upheld.

# What we do and how we do it

We at Tres Tria Limited, sell, implement and support [Microsoft Dynamics NAV](#). We will meet with you to discuss your requirements, schedule a personalised demonstration and then create a price quote based upon your industry and business needs.

Start with what you need today and easily extend services as your needs evolve in the Microsoft Cloud, on your servers or hosted by us. Regardless of your requirements, choice of deployment, or desired payment terms (up-front purchase or a monthly subscription) we will have you up and running quickly, with less disruption to your business.

Live chat with one of our consultants, or contact us directly where we can provide you with more information about buying and deploying.

## Proud Microsoft Partners

Our aim is to rank highly when it comes to customer satisfaction, and we're doing a pretty good job of it. This is why the majority of our customers moved to us from other UK re-sellers. Located in the UK on the borders of Kent, Surrey and London, we at Tres Tria have built a close, dynamic and creative workforce made up of focused IT professionals, whose passion for product innovation and development is incomparable with any other UK Microsoft Partner. We specialise in Microsoft Dynamics NAV (formerly known as Navision) and our aims will always focus of supporting your business ambitions and growth.
